UNITED STATES GOVERNMENT

Memorandum

TO : The Director

DATE:

FROM : N. P. Callahan

SUBJECT: The Congressional Record

Student Agitation General

Page H7205. Congressman Collier, (R) Illinois, spoke concerning student riots and Federal aid to education. He commented on the action taken by the House to deny the benefits of Federal education programs to persons convicted of rioting or judged by college authorities to be disruptive. He advised that he would go further than withholding funds from students who engage in various forms of misconduct, he would favor legislation that would deny funds to educational institutions that fail to expel lawbreakers, "that hire or fail to dismiss faculty members who condone, encourage, or participate in criminal or treasonous conduct, that surrender to ultimatums delivered by students, or that permit subversive organizations to use campus facilities." He went on to state "One of the organizations that has fomented revolution at various institutions of higher education is Students for a Democratic Society, which J. Edgar Hoover, Director of the Federal Bureau of Investigation, has described as 'a militant youth group which receives support from the Communist Party and which in turn supports Communist objectives and tactics.' Whether or not the disruptions are supported by the international Communist conspiracy, the Federal Government must stop subsidizing such activities, directly or indirectly."
